### “My First Apartment” Move-In Kit

This service project will benefit the youth who are in transition out of our shelter and into their first apartment. We know not everyone can volunteer in The PLACE shelter. This kit allows involvement with a lot of flexibility.

Please place the small items in a laundry basket or plastic storage tub.

Feel free to add any items you think would be helpful for someone moving into their first apartment. *Please DO NOT include religious items, personal notes, cash, or your personal contact information.*

**Thank you so much for providing “My First Apartment” boxes for the youth we serve!**

#### Kitchen
